

CUTS EVERYTHING - INCLUDING LABOUR!

Here's what we've got:

SawTrax Sign Maker's Vertical Panel Saw and Mat Cutter Combo Machine.

Here's what it will do for you:

Increase productivity. Increase cash flow. Increase profits. **SawTrax Panel Saw/ Mat Cutter Combo** saves time, money, and labour costs. It takes only one person to cut a variety of materials quickly, easily, and accurately.

That's right, eliminate frustration. Cut everything, including MDO board, plastics, thin sheets of aluminum, Dibond, Foam-cor, Sintra PVC, acrylics, Gatorfoam, Lexan, NuAlum, White Wood Smooth, AlumaCorr, Poly-Metal, Signabond, Coroplast, Corex, and more!

Guarantees all your cuts are square - another money-saving advantage!

Another thing you'll save is space! The **SawTrax** has a small footprint and a folding stand. Even better, it requires only one person to unfold it. And the wheels allow you to push it out of the way.

Bonus: One machine does it all! This is a **quick-change multiple interchangeable tool** - over a dozen accessories available. You no longer need to buy a panel saw and a mat cutter. Better yet, with the new Rolling Shear for cutting Dibond, your edges will come out rolled and smooth. No more filing! Time is money, and **SawTrax** guarantees you'll be taking yours to the bank!

Here's what we want you to do next:

Check our website to **see the amazing video** and get more info on **SawTrax Panel Saw/ Mat Cutter Combos**, then give us a call. **There are many options available.** Tell us what you want; we'll customize your **SawTrax** to suit your specific needs, and quote you the best price.
